# INNOVATIVE ICE & WATER DISPENSERS

## INNOVATIVE CONVENIENCE

Hoshizaki Ice only and Ice and Water Dispenser offers ease of use, intuitive interface, and simple operation with just a touch of a button. Whether in a bustling office, dynamic retail environment, or critical healthcare setting, its seamless functionality ensures access to ice and water throughout the day.

## EFFICIENCY REDEFINED

The Hoshizaki DCM units feature customisable preset portion control. While the Hoshizaki DB Dispensers allow users to control the amount of ice dispensed by the length of time the control button is pressed.

## HYGIENIC EXCELLENCE

Designed to maintain the highest standards of cleanliness. Push button ice dispenses directly into cups or containers, minimising the risk of contamination. This feature not only enhances user safety but also upholds stringent hygiene protocols essential for environments such as medical centres and hospitals.

## RELIABLE PERFORMANCE

Built with Hoshizaki's renowned craftsmanship, Hoshizaki dispenser range ensures long-lasting durable, reliability and consistent performance.

### ICE & WATER DISPENSER DCM-60KE-P

**Production Capacity/24h\*:** 50kg  
**Max Storage Capacity:** Approx. 1.9kg  
**Ice Type:** Cubelet

### ICE & WATER DISPENSER DCM-120KE-P

**Production Capacity/24h\*:** 105kg  
**Max Storage Capacity:** Approx. 4kg  
**Ice Type:** Cubelet

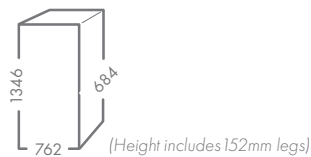

\*Based on Approx. Production Capacity @ 21 °C Air Temp; 15 °C Water

### DB-200H-WORKSITE

**Push Button:** Single Auger Agitator  
**Max Storage Capacity:** Approx. 90kg  
**Weight Net:** 85kg

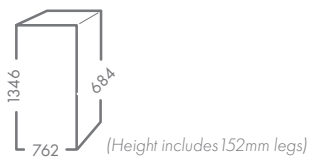

*\*Top kits, water filters and water hoses not included.*

### DB-200H-WORKSITE-H2O

**Push Button:** 1x Ice & 1x Water  
 Single Auger Agitator
